<input type="checkbox"/>	Pens Etc.	- business products
<input type="checkbox"/>	Printer Essentials	- imaging and power supply products

Disclaimer:

The item file update for an O/PUS Supplemental Vendor does not qualify to be error free and/or duplicate free. When loading an update, the O/PUS software attempts to match each item against an existing record in your database. New records are created only when an item cannot be matched to an existing record. This matching is done using information provided by the vendors.

Sometimes a vendor does not provide enough information to allow the software to accurately identify items. This may be due to a lack of UPC codes, unknown vendor abbreviations, or other factors that are beyond O/PUS's control. In these cases, you may find that you have new items records that duplicate items already in your system.

O/PUS must expressly reject and disclaim any representations, warranties, obligations, liability or responsibility for duplicated item records or product errors in your inventory, and for any losses or damage, including consequential damages, resulting from use of the duplicated or erroneous information. Nor can O/PUS provide support on duplicated or erroneous item records, or on issues resulting from them.
